FORMAL DRAWINGS
ACCOMPANYING AN AMENDMENT AFTER FINAL REJECTION AND RESPONSE

Sir:

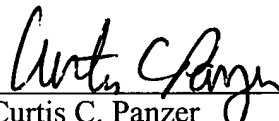

In response to a Final Rejection mailed July 15,2005, setting forth a shortened statutory period for response ending October 15, 2005, applicants seek to amend the Figures as proposed by the Examiner. Proposed Formal Drawings (Figures) are enclosed herewith. Any additional fees required in connection with this submission (including fees for an extension of time) may be taken from Merck Deposit Account number 13-2755.

In the Figures, Applicants have added SEQ ID NO:'s at the end of FIG. 1B and FIG. 2B (ID. numbers 10, and 11, respectively). Support for these amendments is found in several places in the specification. In particular, applicants direct the Examiner's attention to column 3 of the patent specification, at approximately lines 28-34, which provides a cross reference between the figures and the ID's . Applicants have also corrected a typographical error. Specifically, in the original FIG.1A, the number "90" was erroneously placed under the 89th amino acid in the sequence. The number "90" is now placed under the 90th amino acid in the sequence. Annotated sheets showing changes are provided in the accompanying Amendment

after Final Rejection and herein. The undersigned attorney for Applicants respectfully avers that the enclosed Formal Drawings (Figures) are the same as the previous Figures in all other respects.

The undersigned attorney invites the Examiner to contact him at the phone number provided below, if such would advance the prosecution of this application.

Respectfully submitted,

By
